## Less Parking More Problems

The downtown parking problem, for the second time in as many village board meetings, has loomed over the heads of the Village Board.

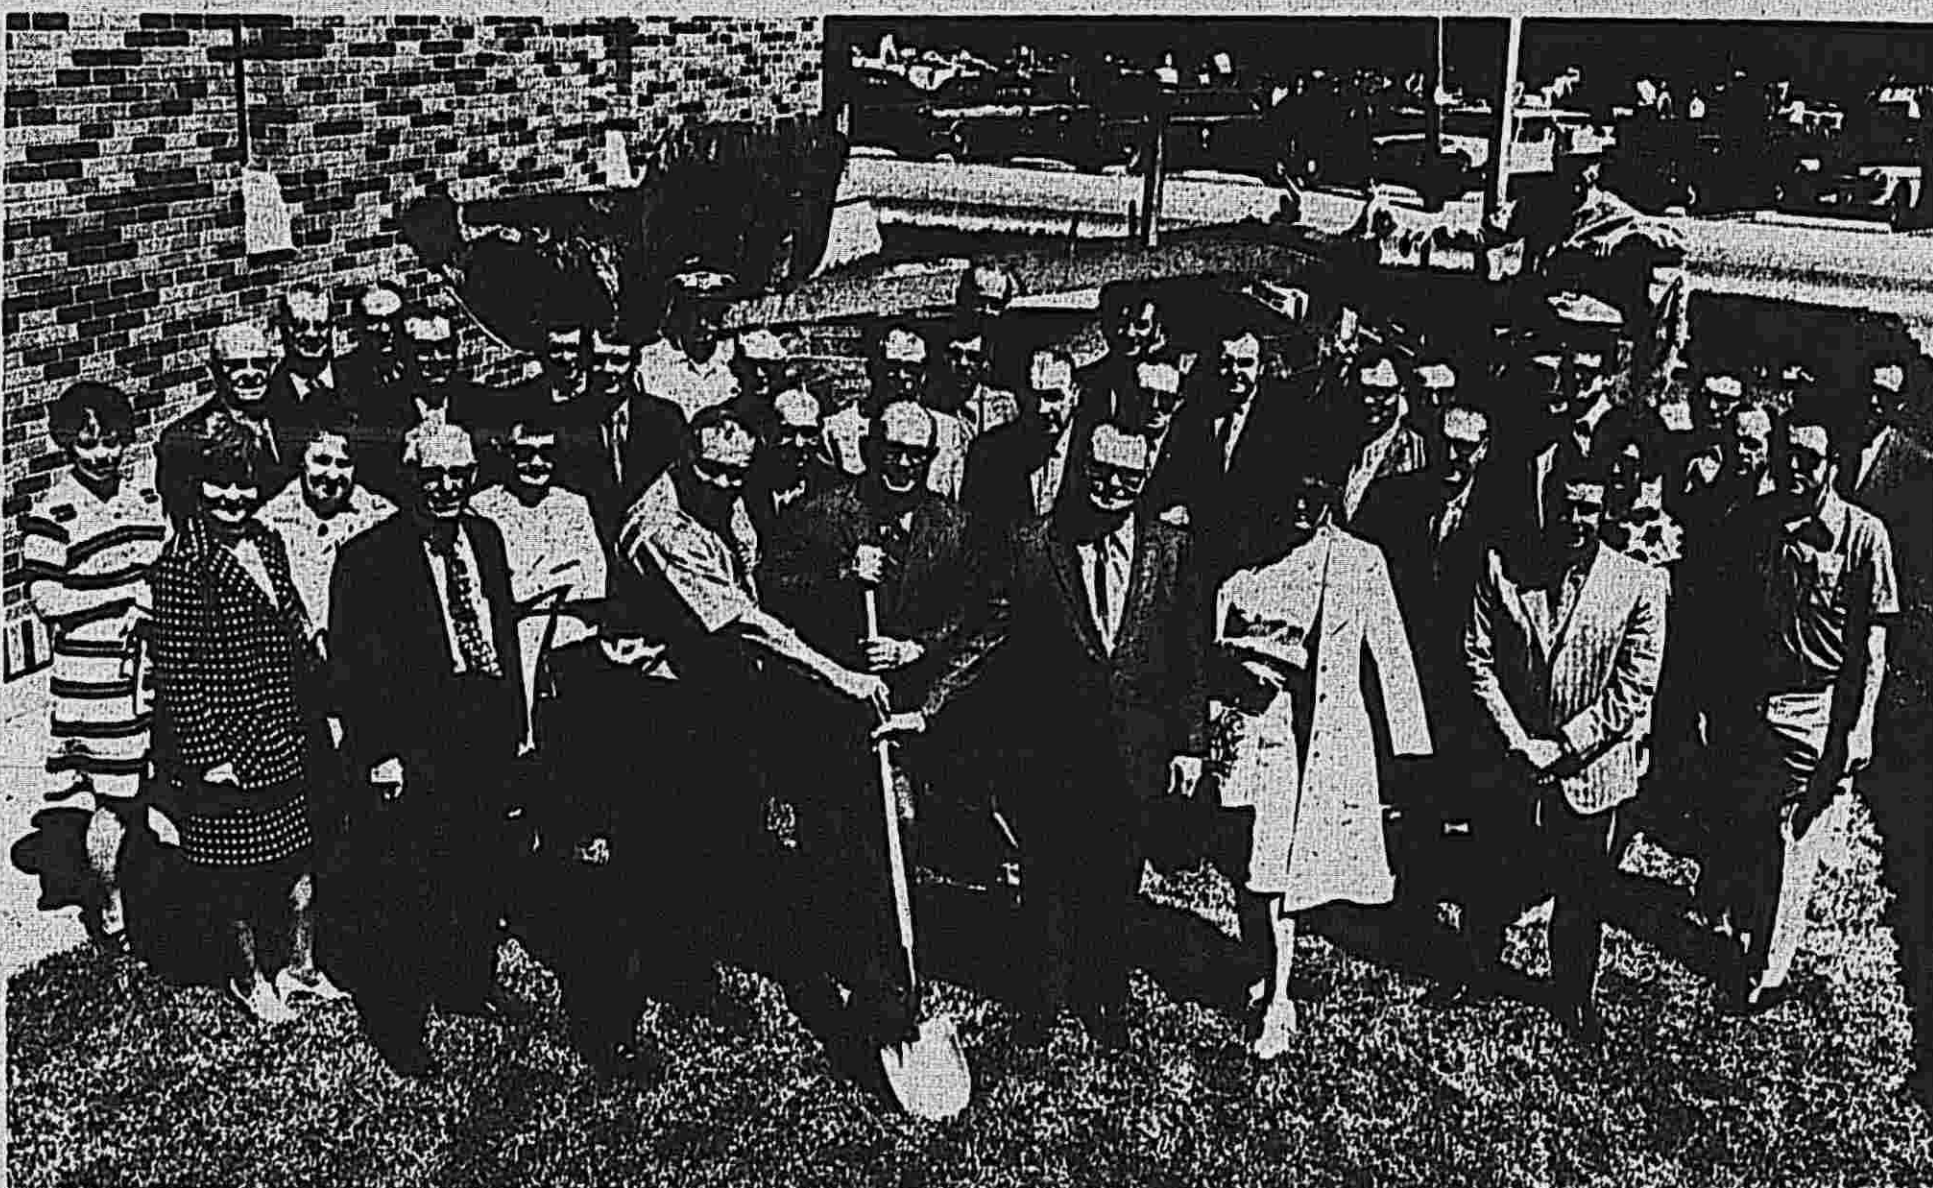

The problem breaks down into one main question and that is just what is the area of responsibility among the village and the various downtown merchants.

The Village Board, headed by Mayor Toft and Bob Wilton, chairman of the parking commission, has taken the stand at this point that the problem of employee parking pretty much lies with the merchants. They have asked that the various downtown merchants and the Chamber of Commerce work together to help solve the problem. As yet, not too much progress has been made.

On the other side of the fence are the employees of local merchants with Mrs. Doris Corsello, employee of King's Drugs, as their main spokeswoman. The problem, as the various merchant employees see it, centers around the lack of 12 hour parking.

According to Mrs. Corsello, the merchant employees shop and spend money here as well as work in the village and, therefore, should have parking. Also she feels that the Village Board is more concerned with the convenience of outsiders than with the people who are employed and living in Antioch.

Just what the answer is no one seems to know. Mayor Toft has turned the problem back to Bob Wilton's committee. Hopefully, with the help of the merchants and the Chamber of Commerce, they will come up with a solution.

Mayor Toft, Bill Brook, President of the State Bank of Antioch, "Red" Murrie, Antioch Township Supervisor, and city and county officials watch at the State Bank ground breaking.

# State Bank Expands

On July 29 several townspeople witnessed the breaking of ground for the two level addition to the State Bank of Antioch at 440 Lake Street.

With an increase of over 5900 square feet of interior space, this expansion gives the Bank 50% more area for its banking facilities. Additional parking area at the rear of the existing lot will easily permit about 100 cars to park.

According to Bill Brook, president of the State Bank, they are taking on a "much more contemporary look" by changing the entire exterior of the

building scheduled for completion next spring.

Expansion of the upper level includes enlargement of the installment loan facilities with the addition of four offices, a conference room and storage and file rooms. A larger lobby and workroom make up the remainder of the new upper level.

On the lower level three new offices and new storage and file rooms enlarge the proof and checking account processing department.

Another new facility included in the expansion of the State Bank is a community room.

Construction of the new addition will be under the direction of Wm. Tonyan & Sons, Inc. of McHenry, General Contractors. Contracts for electrical, heating and plumbing have been awarded to Althoff Inc. of McHenry. The excavating contractor for the expansion of the State Bank of Antioch is Tonyan Bros. of McHenry.

## Federal Mediator Arrives

As the result of a joint request made by the Board of Education of Antioch Community High School and the ACHS Teachers' Association, a federal mediator has been called to work with the two groups and help settle their unresolved differences.

Mr. Robert Lindblad, chairman of the board negotiating committee, has been informed that Robert Letner, federal mediator from the Chicago office of the Federal Mediation and Conciliation Service, has set Thursday, August 5, as the first meeting date to set up procedures and assemble basic information for review.

## Our Congressman

Congressman ROBERT MCCLORY (R-Ill.) introduced legislation which would authorize the merger of the two major professional basketball leagues--the National Basketball Association (NBA) and American Basketball Association (ABA).

Congressman McClory noted that his bill H. R. 10185 would provide the same authority to merge which was granted to professional football in 1966. He pointed out that the merged league would not gain immunity from any other federal anti-trust prohibitions now applicable to the activities of the two leagues as separate entities.

Congressman McClory indicated that his bill should receive early approval in order to insure that the Chicago Bulls and all other professional basketball teams may be able to remain a part of the American sports scene. Noting that the two leagues have engaged in competitive bidding for players to the point where many teams are almost out of business, he expressed the fear that without this legislation the 7,100,000 annual spectators of pro basketball, not to mention the millions of TV viewers, might soon be deprived of this great sport.

Rainbow Girls Lori Burns, Linda Borak, Robin Lindblad and Cathy Wysoglad, were busy over Maxwell Street Days, with their rummage and bake sale fund raising project. Robin and Linda have to raise \$100.00 before they can become Worth Advisor. The money goes to the Rainbow Girls.

## WOODS HEADS RFE FUND DRIVE

CHICAGO, ILL.--Radio Free Europe Fund's Chicagoland Chairman, M.P. Venema, Chairman of Universal Oil Products Co., today announced the launching of the 1971 Radio Free Europe Fund campaign by the appointment of 34 Community Chairmen in Chicagoland.

Mr. L. M. Woods, President of the First National Bank of Antioch, will conduct a drive for voluntary gifts from individuals, business and industry in the Antioch area to support the effective program of Radio Free Europe.

RFE, a privately operated network of 5 stations providing a daily broadcasting service to the 85 million people of Poland, Czechoslovakia, Hungary, Rumania and Bulgaria, reaches 31 million listeners in their own language with a range of uncensored newscasts, press reviews, commentary and entertainment not otherwise available in East Europe today.

The broadcasts are written and produced by experienced professionals who are exiles from the 5 audience countries, working in partnership with RFE's American management and Board of Directors.

The support provided by Americans has made RFE a major communications source for East Europeans. It has helped give them the hope and the information they need in their continuing efforts to regain by peaceful pressure their national independence and personal freedom.

## "MADNESS ON PARADE"

The Antioch Chamber of Commerce would like to express their appreciation to all the people of the area who helped with our recent circus. Without your support it would not have been a success.

Now we are in the process of planning a parade in connection with Midnight Madness for Monday, August 23, 1971. There will be three bands from the Salvation Army Army Central Music Institute and marching Scouts and 4-H'ers.

The marchers will be competing for a \$25.00 bond awarded to the unit best carrying through the theme of "Madness on Parade." It should be a great parade, and maybe some surprises too!

"AUGUST! Already? Good heavens, where did the summer go?"

These or similar words can be heard throughout the land. But, they are especially appropriate as summer recreation activities ebb out and disappear. No longer do the shouts of irate mothers and fathers issue from the Little League field in Williams Park to break and echo against the cold bricks of the library. The Yankees were victorious once again and the issue is settled. Relative quiet hangs like a shroud over the baseball diamond at the high school where the Antioch Babe Ruth team fashioned as District Championship team. At the Aqua Center the screams of happy children have replaced the huskier roar which went along with the competition of the Swim Team.

EMPTY classrooms are all that remain of summer school, church bible school, and an empty gymnasium resounds only to the foot fall of custodians where, a scant few weeks ago, 26 boys began the job of becoming the basketball champions of 3-6 years hence.

AND now the doldrums of August. "Gee whiz, there's nothing to do," has become the slogan of the almost now generation. The Minor League, the Little League, the Babe Ruth League, the Aqua Center Swim Team, summer school, bible school, all have done their job and done it magnificently. The kids have been busy, happy and excited. June and July were the stuff that dreams (and memories) are made of. Not enough can be said for the men and women who contributed their valuable time and skills to these projects. Thanks doesn't seem to be enough and praise would be turned away by these selfless persons.

NONE-THE-LESS, The ANTIOCH NEWS extends a heartfelt and sincere "THANK YOU" to the many men and women who helped make the summer of '71 a thing of joy for the young people of Antioch.

NOW, the quiet summer begins. There's time to be lazy, to lie on your back and form cloud pictures. Time for family picnics and vacations, the beach and the north woods. Time to read all the books you promised yourself you'd read. Time to aimlessly explore the world you've created for yourself. Time for kick-the-can, hide and seek, and time for half-heartedly throwing a football in reluctant anticipation of fall.

"AUGUST! Already? Good heavens, where did the summer go?"

## LETTER TO THE READER

It is the intention of the ANTIOCH NEWS to be the voice of the people of Antioch. In order for us to do this, we require your cooperation on our Editorial Page.

By writing a Letter to the Editor voicing your opinion on local happenings or problems, large or small, you make the ANTIOCH NEWS your representative to the community. Your letters are necessary and welcome.

Are you proud of a civic organization, displeased with an ordinance, wondering when some local action will be taken? We can get things done if we make our sentiments known to the community and to those involved. Here lies the ideal place for the expression of your feelings.

Our only requirement for your letter is that you include your name. If, however, you request that your name not be included, it will not be printed with your letter.

Do your share-the ANTIOCH NEWS offers its space to the community; it is your duty to contribute the ideas. Help to build a better Antioch by building our Editorial Page.

### Humanity Pollution?

*It seems that I continue to be daring or concerned enough to jot a few lines. And that's what I'm writing about—the lack of concern, or better should I say—the pollution of humanity.*

*I strongly believe that apathy and unconcern are forms of pollution of humanity. It is man polluting himself: man destroying his own dignity, his self respect. When man adopts the "I don't care" attitude, he neither recognizes the rights of his fellow-man nor acknowledges his dignity and equality.*

*Does this pollution exist in the community of Antioch? Is there a lack of this self-esteem? The tremendous concern of the ecologist is a life-fulfilling environment for mankind.*

*Is pollution only streets scattered with trash, parks littered with cans and bottles, the breeding of contempt for the law, the disregard for the*

*rights and property of each other?*

*Your editorial last week brought notice to one form of polluter, the shoplifter. The shoplifter is a polluter of the community.*

Mike Dale

Thank You

*The Chamber of Commerce would like to express in writing a very warm "thank you" for all of the additional mention you made of our recent circus in the Antioch News.*

*We feel that your help added greatly to the success of this venture and anyone who didn't know that there was a circus in town certainly didn't read the July 21st issue. The back page was just plain wonderful!*

Antioch Chamber of Commerce  
LaVerne M. Woods, Chairman

### Invitation

*Have been receiving the new Antioch News and thank you very much. I read it with great interest page 1 to back. I like the new format. I'd like to see how you do it, especially the typesetting, naturally.*

With best wishes,  
Mabel Sayles

(Editor's note: Mabel Sayles worked the Linotype for the Antioch News for over 40 years. Mabel, you are welcome anytime to come and see how our "now" ANTIOCH NEWS is done in offset printing.)

### Jottings

*I would like to express my real enjoyment of everything about the "new" Antioch News.*

*Keep up the good work. Wishing you continued success*

A.F.S. Student Julio Sanchez

Antioch High School's 6th foreign exchange student under the American Field Service scholarship program is 16½ year old Julio Gerardo Sanchez from Costa Rica.

Julio has left his mother, father and two younger sisters behind in Central America to join his new family Mr. and Mrs. Ronald Rau and their four children Jay, 15; Romayne, 11; Lori, 9; and Andy, 6. The Rau family lives at 704 Hillside, Antioch and are eagerly looking forward to the early August arrival of the latest addition to their family.

Julio will be enrolled as a senior at Antioch Community High School this fall and he will have a whole year to live and learn about family, school and community life in Antioch, Illinois U.S.A.

The Antioch A.F.S. is delighted that Julio will be here in time for the finale of its "FESTIVAL OF COMEDY" on Wednesday, August 11 in the ACHS auditorium.

Showtime is 8 p.m. for the notoriously funny "The Lavender Hill Mob" starring Alec Guinness. Three cartoons will also be shown, all for the donation of \$1.00. Everyone is encouraged to come and welcome Julio to our fair community and to enjoy an evening of laughs for the whole family on August 11.

Tickets may be purchased at the 1st National Bank of Antioch, the State Bank of Antioch, the Lake Villa Trust & Savings Bank or at the door.

If your name appears above you are a winner of the Lucky Buck Contest. Please stop in at the First National Bank at Lake and Main Street.

A classic example of growth and development.

In 1944 Everett Oftedahl and his father set up a small business in a garage on Main Street. In 1971 this "small" business occupies a completely modern plant in Antioch's Industrial park, is the parent corporation for a plant in St. Louis and is currently developing a new plant in North Carolina.

The original company was known as FROSTEE SNO, a corporate name which has stuck tightly to the organization even though the name was changed to FROSTEE FOAM in 1957. Due to the natural white color of the styrofoam, the first products were display items such as snow balls, snow men and other novelty items normally associated with snow and winter. All these products were fabricated from bulk styrofoam.

In 1963 a new process, moulding, and a new corporation, EXPANDA FOAM, were introduced to the operation. With the new process came expanded manufacturing and marketing opportunities. EXPANDA FOAM products serve the construction industry, the transportation industry, the appliance industry, marine and sports, packaging industries, the military and an infinite variety of other markets and industries.

The principle market of the corporation is packaging where the unique qualities of expandable polystyrene foam find many applications. The material is lightweight, thus cutting down shipping costs for the user; it is strong, shock absorbent, and provides excellent insulation.

Applications of EXPANDA FOAM products are found in everything from point of delivery display materials to pollution control devices. In the latter area the company is preparing to make the largest moulded piece ever produced by installing the largest moulding equipment ever designed for the moulding of expanded polystyrene.

The company currently employs some 100 persons, most of whom make their home in Antioch, to manufacture products for such nationally known accounts as Sears, Abbot Laboratories, Admiral Corporation, Northern Electric, and others.

Expanda Foam provides a wide range of related services to its customers: engineering collaboration, design assistance, construction of prototypes for testing purposes, mold design engineering as well as the final manufacture of the product. The company also offers such collateral services as decorating, printing, packaging the customer's product, assembly and drop-shipment.

From a small garage business manufacturing novelty items to a 160,000 square foot industrial plant manufacturing literally hundreds of items in somewhat more than 25 years. That's the growth story of EXPANDA FOAM, a company which has certainly had a tremendous impact on the growth of the Village of Antioch.

Ted Loef, sample maker, is shown converting tentative working drawings into a finished prototype.

An Expanda Foam employee is shown holding a finished packing container made of molded expanded polystyrene.

Jim Maplethorpe, plant production manager, supervises the operation of 36 expanded polystyrene molding machines and the manufacturing process of styrofoam fabrication.

How often we've admired the blue-ribbon entries in a county fair baking contest! Fragrant breads... tempting cakes... and oh, those luscious pies! You can duplicate the old-time goodness of those prize winning pies with this recipe for Peaches 'n Cream Pie.

Juicy fresh peaches and rich cream combine with cinnamon and sugar for the toothsome filling. (Or frozen peaches can make this a year 'round treat.) Tender pastry made with enriched corn meal lends subtle crunchiness and flavor to this premium quality, picture-pretty pie.

#### PEACHES 'N CREAM PIE

Makes 8 servings

##### Pastry:

½ cup enriched corn meal  
¾ cup sifted all-purpose flour  
½ teaspoon salt  
½ cup shortening  
4 to 5 tablespoons COLD water

##### Filling:

2½ cups fresh peach slices (four 10-oz. pkg. frozen peach slices, well drained)  
¾ cup sugar  
¼ teaspoon salt  
1 teaspoon cinnamon  
¼ cup all-purpose flour  
1 cup whipping cream

For pastry, heat oven to very hot (450°F.). Sift together corn meal, flour and salt. Cut in shortening until mixture resembles coarse crumbs. Add water a tablespoon at a time, tossing lightly with a fork. Form into ball; roll out on floured board or canvas to form 13-inch circle. Fit into 9-inch pie plate; trim; flute. Prick bottom and sides. Bake in preheated very hot oven (450°F.) 10 minutes. Remove from oven. Lower oven temperature to (400°F.).

For filling, arrange peach slices in bottom of baked pastry shell. Thoroughly combine sugar, salt, cinnamon and flour. Add cream; pour over peach slices. Bake an additional 30 to 35 minutes or until brown and firm. Cool to lukewarm before serving.

### Proclamation

WHEREAS, the community of Antioch recognizes live theatre as an enrichment of the cultural life and,

WHEREAS, it be requested to proclaim the week of August 9th, 1971 as Community Theatre Week

BE it resolved that I, Mayor Toft, Mayor of Antioch proclaims the week of August 9th as

#### COMMUNITY THEATRE WEEK

Passed and approved on the 2nd day of August, 1971 by the Village Board.

*Raymond Toft*  
Raymond Toft, Mayor  
Antioch, Illinois

### Toft Proclaims Community Theatre Week Aug 9 - 15

The week of August 9-15 has been proclaimed Community Theatre Week in Antioch by Mayor Ray Toft.

This will launch Palette, Masque, and Lyre's season ticket sale for Season 11. PM&L's Season 11 consisting of four plays will be chosen from PLAZA SUITE, ARSENIC and OLD LACE, THE PRICE, GLASS MENAGERIE, WAIT UNTIL DARK, LEND AN EAR, HOW TO SUCCEED IN BUSINESS WITHOUT REALLY TRYING, and An Evening of One Acts.

Leaders in community theatre and repertory theatre all over the country feel that the only way American Theatre can survive is through subscription theatre.

PM&L hopes that the Antioch community will support its efforts to bring stimulating live theatre to the community for only by the financial and audience support of the people of the Antioch area can PM&L survive.

Why subscribe to PM&L? Quoting the PM&L brochure which will be mailed and distributed throughout the area beginning August 9—"PM&L is generally recognized in the area as the most successful community theatre. Because of the increase of the audience at our plays in 1970-71 season, we will be assuring season ticket holders this year a guaranteed seat.

There is a terrific saving—see four plays for less than the price of three. The PM&L theatre is in a convenient location with ample parking within a block of the theatre. PM&L newsletters are mailed to subscribers keeping them informed of plays and special events.

Above all—you owe it to yourself to insure at least four evenings of theatre enjoyment at a maximum of convenience and minimum of cost."

Season tickets can be obtained by mailing a check

for \$6 for each ticket to along with your name, address, PM&L, Box 23, Antioch, Ill. and phone number.

## HANSEL & GRETEL AT PM&L

The legendary tale of HANSEL AND GRETEL, which has charmed children for ages, will be brought to life on PM&L's stage on August 14, 15, 21 and 22.

The lively children of a poor woodcutter (Gerald Pettera) are portrayed by Kevin Eddy and Lori Burns. The nagging stepmother, who is basically kindhearted, is played by Shirley Kramer. Witch Wicked is such a leering villainess that the part is divided between Joanne Apostol and Janet Polsgrove appearing on alternate nights. The pathetic White Cat will be played by Kim Shkapich and the Sandman is John Stringer. Hansel and Gretel's playmates are: Fritz, the lazy one (Brian Pettera), Peter, the greedy one (Mickey KNox), Johann, the bright, sensible one (Lenny Broberg), Helga, the clumsy one (Sue Apostol), Fredericka, the proud one (Betty Waters), and Katherine, the cry baby (Jaclyn Kempher).

The two Saturday performances of the play, directed by Charlie Brown, will be at 7:30 p.m. in the evening and the two Sunday performances will be 2:00 p.m. matinee performances.

Jill Mitchell of Jill Mitchell's Dancing School will provide dancers and do the choreography.

### SOCIAL NOTES

by Del Jahneke

Ray and Eunice Rathmann, Oakwood Knolls, have just returned from a compelling expedition through the northeastern states and Canada. They hadn't thought of this tour as a "second honeymoon", but they did stop at Niagara Falls and admire the beauty of the tumbling white waters. They confessed to a feeling of accomplishment as they walked across the bridge linking the United States with Canada - just stepping from one country to another!

Next was a visit to Fort Niagara on Lake Ontario, at the mouth of the Niagara River. First built in 1679 by the French, then later captured by the British, this site is well worth the time taken to see it. Attired in the colonial scarlet uniforms of the British, a troop of "soldiers" retired the Colors with impressive drillwork and precision. Eunice commented that the cobblestone court yard of the Fort did not constitute comfortable walking!

A "dip" down to Harrisburg, state capitol of Pennsylvania, where the golden dome intrigued them, especially when they learned that it was completely covered with solid gold leaf - it shone so brilliantly in the bright sunshine!

Upstate to Maine now, and our travelers take an hour ride on a lobster boat, seeing several lobsters caught. The Rathmanns enjoyed their first clam-bake and lobster-bake half afterwards, shells and all!

Across the border to Quebec, the most historic and picturesque city of Canada, with its quaint, old buildings and narrow cobbled streets. Quebec has the reputation of being the most "French city" in the world, outside of those in France. They view the massive Citadel, a fortress constructed between 1823-32. Guards and sentries are on duty here, walking their rounds in the military uniforms, fashionable 150 years ago, with tall beaver headgear. "Changing of the Guard" takes place with

great dignity and timely cadence to the martial airs of two uniformed bands - a stirring spectacle!

On to Montreal, where they spend a day exploring the old site of Expo, now designated as "Man and his World", seeing many of the exhibits and some of the forty pavilions from other countries.

Their return was through Sault Ste. Marie, down upper Michigan, and a night's stay at Menominee Falls in Wisconsin, then welcome home to Antioch!

The Leonard Hironimus' entertained the junior Ed Jahneke's of Antioch at a combination cookout and swimming party at their home on Petite Lake, Sunday.

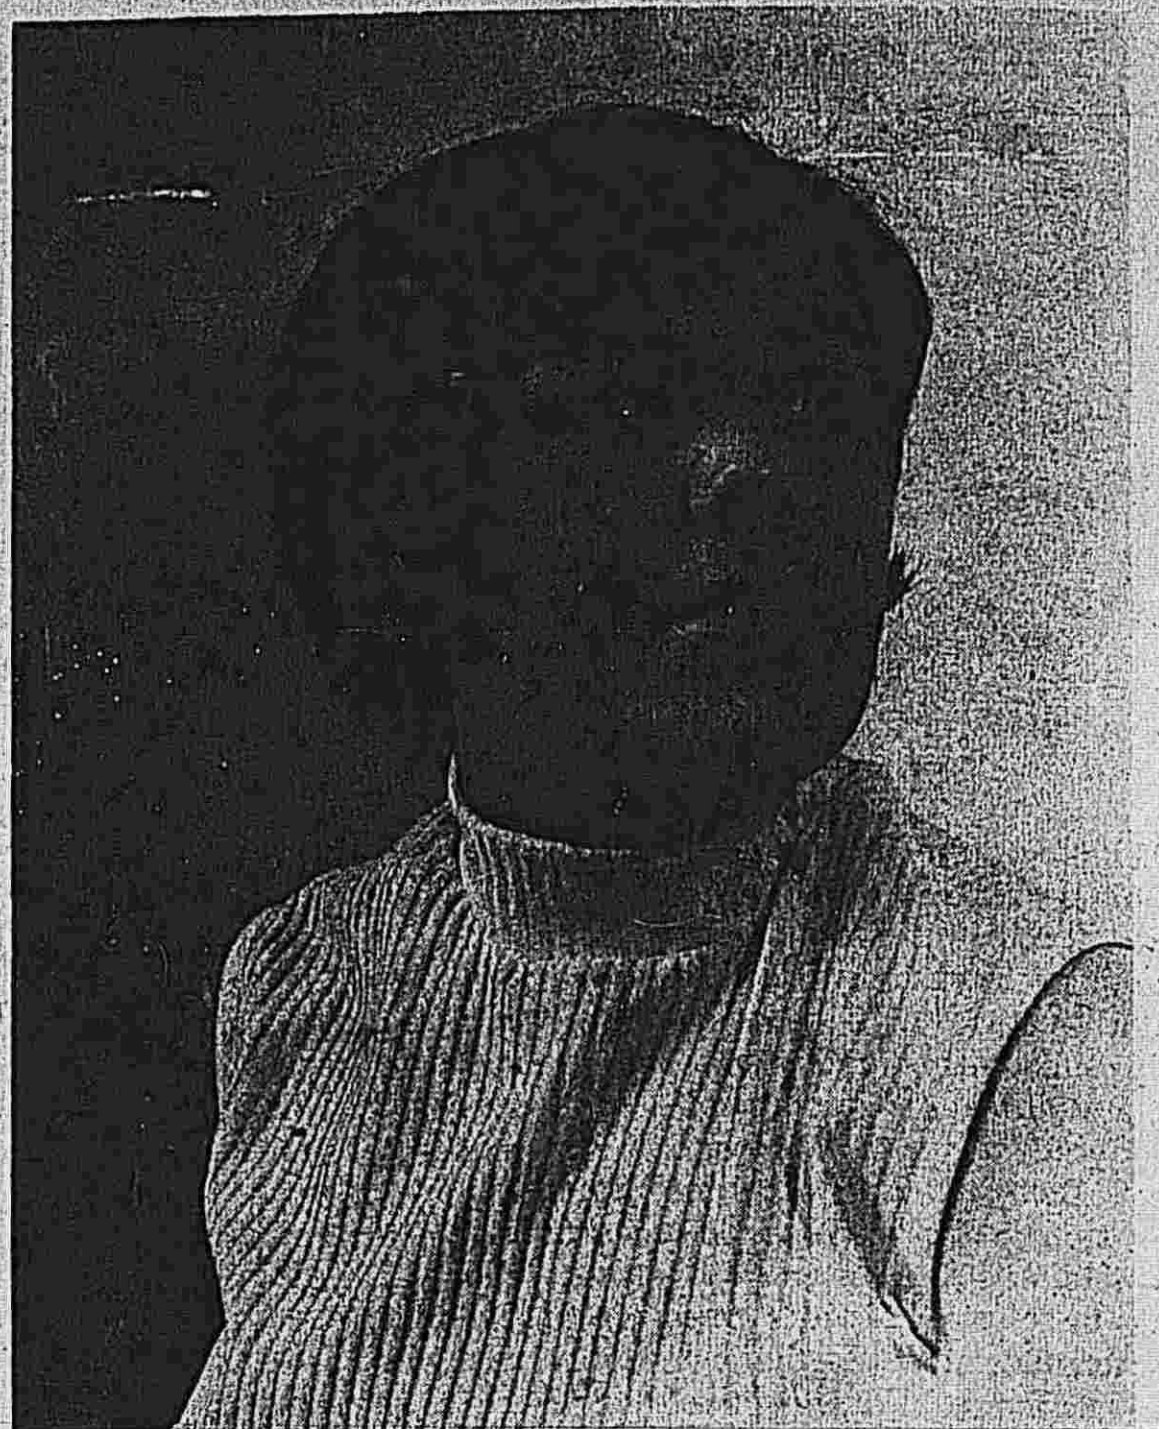

All best wishes for a quick recovery go to Mrs. Edna Rathmann, Ray Rathmann's mother, Oakwood Knolls, who is a patient at the Victory Memorial Hospital. Get Well cards mean a lot!

Thanks to Mrs. Joe Samson, Grass Lake, some 66 mothers, sisters and brothers of Grass Lake Troop 80 of the Cub Scouts and Brownie Troop 210 were on Boz's television show, Wednesday, July 28. There were thrills aplenty for all as they saw Mrs. Cary Schreiber's son Charles win five of the six "bucket" prizes. Mrs. Schreiber is den mother of Cub Scout Troop 80. Mary Rose Mattson of the Brownies 210 participated in the "needle and thread" game, and won some consolation prizes. Mrs. Michael Ditzig was another Brownie leader, actively engaged in this exciting day, and the bus trips there and back.

### Class of '36 Plans Reunion

The Antioch Township High School Class of 1936 is planning to hold their 35th class reunion on Sunday, September 5, 1971 at the Bristol Oaks Country Club in Bristol, Wisconsin.

Notices have been sent to all classmates. Of the 52 who graduated in that year five members of the class are now deceased: Glenn Griffin, June Nelts (Overleaff), Edward Paske, Elaine Schultz and Margaret Piersterff (Turnpaugh).

Two class reunions were held prior to this year, 20 yr. in 1956 and 25th in 1961, and at each event more than half of the class were in attendance. The committee who arranged the other reunions are again working on this year's. They are Mr. and Mrs. Bruce Dalgaard (Bruce and Lena are classmates), Mr. and Mrs. Richard Burnette (Richard and Lillian are classmates) and Mr. and Mrs. Homer White and Florence Druhl.

has been working in his office this summer but now she'll do some visiting before returning to Ripon College in Ripon, Wisconsin August 25. That's early, but she's going back to help the freshmen get oriented.

## Generation Gap

by Karen Sheehan

Thinking about a return to school in the not-too-distant future, lots of college kids are planning something special before vacation days are over. Many short trips and visits—even a wedding—are coming up!

If you went to Maxwell Street Days, you're sure to have seen STEVE SMOUSE, complete with his crazy hat. I think he had a different one for each day of the festivities! Steve works at Stanley's this summer and plans to take a short trip up to Michigan before going back for his sophomore year at Millikin University. Steve is a business major, and I think he keeps in practice by doing a little "monkey business" during the summer.

Factor's in Libertyville employs JODY MEIER this summer. She'll be returning to the College of Lake County this fall as a sophomore working toward her degree in elementary education. After finishing at CLC Jody will continue at another school but she's not sure where yet.

Now that Dr. Petty has retired, AINSLEY BROOK has the rest of the summer off. She

Ainsley is a sophomore working toward a degree in biology.

GLEN BOCOX will return to Oberlin College this fall with a bride! On August 29 Glen will marry SUE HESSION who has graduated from the College of Lake County as a dental assistant. After graduating from Oberlin next spring Glen plans to attend law and divinity school at the University of Louisville and Louisville Presbyterian Theological Seminary. Right now Sue works in Lake Forest and Glen is employed by Johns-Manville.

After two years at Bradley University ROGER BOCOX has taken a position with a cash register company in Peoria. Roger had two years of electrical engineering at Bradley.

DONNA HARVEY is anxious to get back to Northern Illinois University this fall. She'll be a sophomore working on her secretarial certificate so she'll be finished at the end of this year. Donna's working in the office at Quadriel this summer and bowling on Thursday nights.

## CLC Reopens August 30

August 30, 1971 marks the date for classes to begin for the 1971 fall semester at the College of Lake County. CLC has again scheduled classes for the Grayslake campus and at two extension centers—the West Campus of Waukegan High School and Lake Zurich High School.

Dr. R. Ernest Dear, dean of instruction, pointed out that a wide range of regular college credit and non-credit courses are being offered for the fall semester, many of which will be of interest not only to recent high school graduates and college transfer students, but to adults who wish to pursue courses for personal or professional improvement. Dr. Dear further indicated that courses in three new programs: Child Care, Ornamental Horticulture, and Medical-Laboratory Technology will be offered for the first time this fall.

Registration for the fall semester for full-time and part-time students is scheduled during the days and evenings of August 24, 25, 26, and 27. "Your attention is directed to the early registration and opening dates for the fall semester. The new calendar which schedules registration in August, provides for the completion of the fall semester in December prior to the Christmas break," noted Dr. Dear.

The completed fall schedule will be mailed soon to all residents of the college district. Any resident who fails to

receive a copy of the schedule or desires additional information regarding registration, tuition and fees, or admission procedures is urged to call the Office of Admission at CLC 223-8193.

## Dave Mair receives Honors

The University of Missouri-Rolla has announced that David Clare Mair of Antioch made the first honor list for the spring semester.

Students who made the first honor list had a grade point average of 3.00 and above out of a possible 4.00.

## TOM NICKERSON

### AT CORPUS

### CHRISTI TEXAS

Midshipman Thomas J. Nickerson, son of Mrs. Russell W. Nickerson of Lake Villa is now undergoing summer aviation training at the Naval Air Station, Corpus Christi, Texas.

His training consists of air navigation, aircraft engines, and aerodynamics. In addition, he will make flights in the T-34 "Mentor" training aircraft.

He is a member of the Naval Reserve Officer Training Corps unit at the University of Illinois.

If enthusiasm and effort count for anything, Art Michaelson deserves something for his virtuoso on corn-on-the-cob during the Lions Club Farmer's Chicken Bar-B-Q.

### Gutowski In Management Training

Bernard Gutowski of 489 Crest Lane has completed two terms of the four-year program in middle management training. He is sponsored by Johnson Motors in Waukegan where he is Assistant Maintenance Foreman.

Participants in the middle management training program at the Industrial Management Institute are selected from the middle management of the business and industrial firms in the north suburban Chicago area where they are employed in engineering, manufacturing and production, marketing and sales, operations, personnel and other varied departments. Forty-eight companies are currently members of the Institute which was developed in 1946. The majority of participants range in age from 30 to 44 and come from a wide variety of company departments and educational

backgrounds. Approximately one-third of the men are college graduates; the remaining two-thirds is equally divided among men who have had some college work and those who are high school graduates.

The Lions Club Farmers Chicken Bar-B-Q had to be a success, even Frank Benes got into the act.

## Along the Way with *Annie Mae*

The LIONS CLUB BAR-B-Q was another success. Many people went away with full tummies and bargains from the auction... also some dirty clothes from the greased pole, eh, Moms?...

THE RICHARD ENDRIES house on Hillandale Drive was a busy place on Monday afternoon as Bill celebrated his sixth birthday with about 14 little friends... another birthday party was held at the home of BETTY AND DON MENTONE in honor of Betty's birthday August 4 (we didn't hear how many years it was for Betty!)

On Wednesday, July 28, a bus load of Brownies from Troop 210, Grass Lake, and Cub Scouts from Pack 80, with their leaders and den mothers, appeared on Bozo's Circus. Lucky CHARLIE SCHRIEBER whose mother Kari is the den mother, was chosen to play the Grand Prize game. He got to number five and brought home many lovely gifts. Also, Mary Rose Mattson got to participate in a game.

I don't imagine any records were set last Tuesday nite at the Little League Field as the Managers beat the Mothers of the players in a game of 12" softball. Score 16-15. 'Course with a little "cheating" the girls were able to score a few runs and keep the men from

scoring... What a wild game!!

LOUISE AND JOE GUTOWSKI of Channel Lake journeyed to Dayton, Ohio this past weekend to watch LOU PORTALSKI, Louise's dad, in the National SK boat races... A big surprise for Barb and Joe Rush Saturday when Mr. and Mrs. Laurel Kendall stopped in on their way up North. They're from Wawaka, Indiana where Joe did his first two years of teaching...

The State Bank held a ground-breaking ceremony on Thursday for their new addition... Luncheon followed at Lorenz's for many of the town officials and bank officers.

Eat Ball Park Hot Dogs and save the wrapper for the Antioch Little League. Twenty wrappers will get them an aluminum bat. You can drop them off at the State Bank or First National Bank. For any additional information call Mrs. Kessler at 395-0222 or Mrs. Pape 395-0246...

If you're in town this Sunday, venture over to the water tower and watch the FIRE DEPARTMENTS from the area water fight...

Hope the weather is nice for the VETERAN'S PICNIC

today. If you have baked your specialty, take it to Mrs. Harry Stern at 1039 Osmond Ave. before noon today or take it to the Arbor Restaurant anytime this afternoon... A great day is planned for these wounded vets...

A new baby girl was born recently to DENNIS AND PHYLLIS JOHNSON of Fill-weber Court... ROBIN JANE GET WELL WISHES to PEGGY GRIFFIN convalescing at home and LULIVER LASCO, room 373, Victory Memorial Hospital. Please send cards...

HAPPY ANNIVERSARY to HELEN AND BERNARD GUTOWSKI of Grass Lake Road who will celebrate their 43rd on August 7 and JANET AND GARY EPPERS celebrating their 5th...

HAPPY BIRTHDAY to DENNIS VOLLING on August 7 and to KATHY WURSTER.

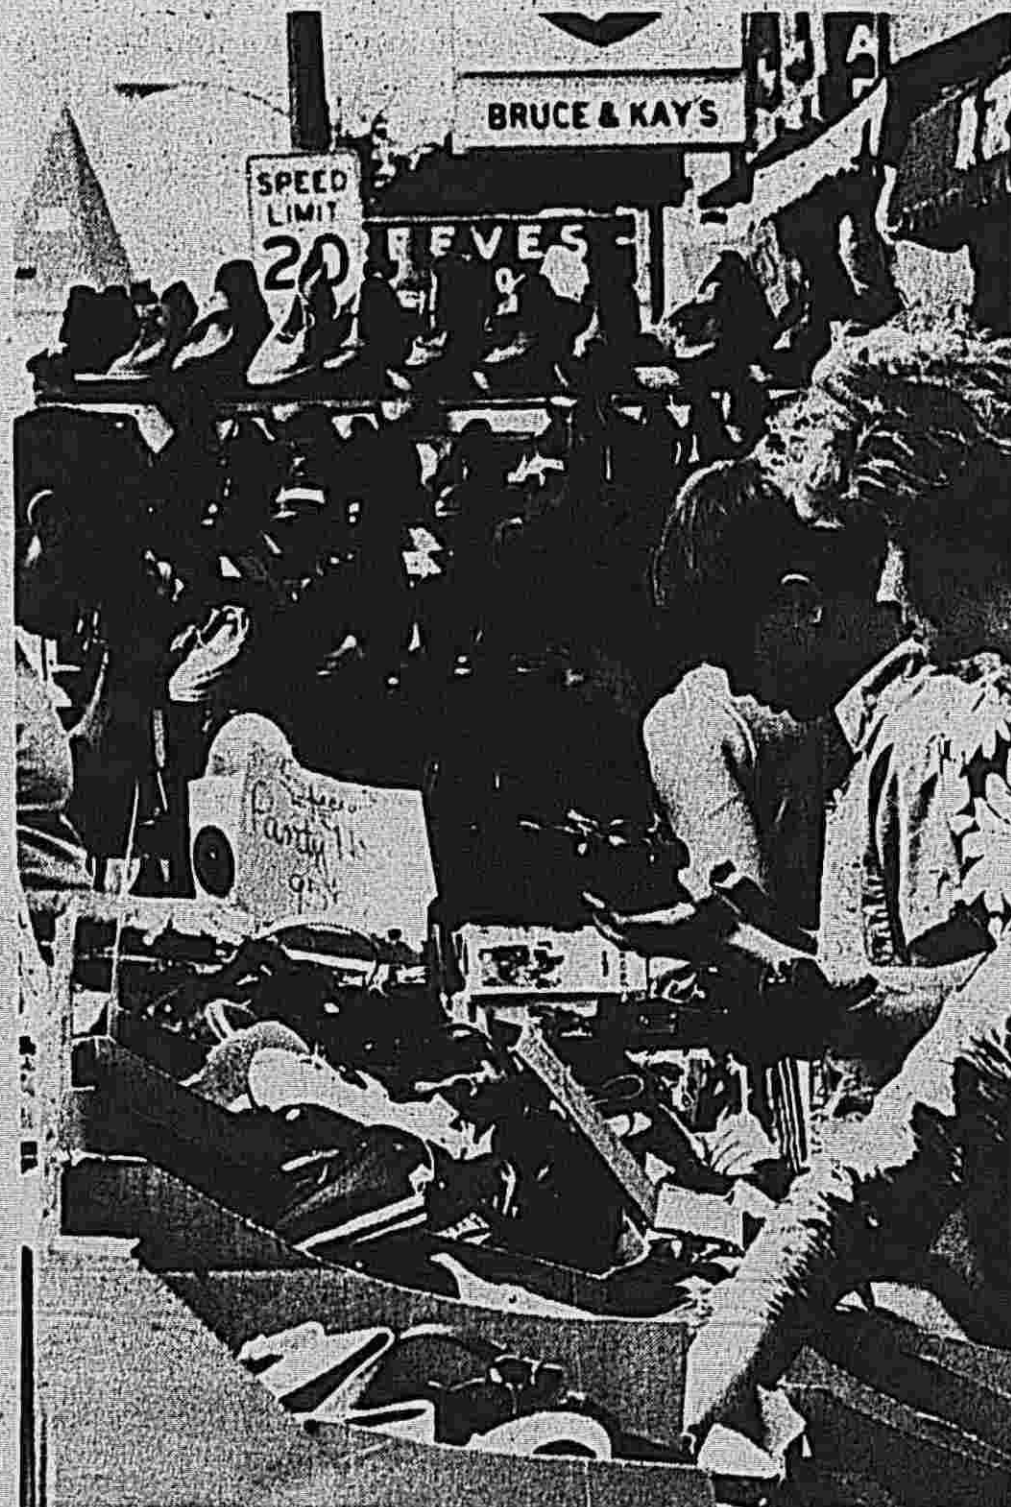

We hope PAULA BECKER's husband found her a chain to wear their apartment key on... so she doesn't lock herself out anymore...

For a weekend of fun, don't forget to attend the COUNTRY FAIR on the parish grounds at ST. PETER'S CHURCH...

## CHRISTIAN SCIENCE CHURCHES

What does spiritual baptism mean in today's world? This is a question to be explored at Christian Science services Sunday.

"If we live in the Spirit, let us also walk in the Spirit." This is one of the Scriptural passages to be read in the Lesson-Sermon entitled "Spirit."

A related passage from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy states: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration."

Everyone is welcome to attend the First Church of Christ, Scientist, Beacon Hill, Rte. 173 & Harden Road, Antioch, Illinois. Services begin at 11 a.m.

## American Legion Auxiliary News

Mrs. J. Hogue has twice had the honor of representing the State Auxiliary at the recent National Convention of Jewish War Veterans and the State Convention of the Polish Legion of American War Veterans on July 16. Both conventions were held at the Sheraton Inn in Waukegan.

The District Past Presidents' Parley Chairman Mrs. Barbara Klemm of Gurnee states that the yearly past presidents' picnic for some 200 women patients at Downey Hospital will be held on August 7 from 10 a.m. to 2 p.m. at the Pavillon. All 22 junior past presidents are committee members for this affair.

Mrs. Ray Rathmann, Antioch Unit Junior past president, will be assisting in the arrangements for the picnic.

The 10th District American Legion Auxiliary will hold their annual Installation of Officers on August 6 at 8 p.m. at the Homer Dahringer American Legion Home in Waukegan.

District officers to be installed are Mrs. Joseph Hogue, Waukegan 281, president; Mrs. Norman Holt, North Chicago, Historian; Mrs. Richard Brady, Gurnee, Secretary; Mrs. Ann Solberg, Zion, Chaplain; Miss Jacqueline Watters, Grayslake, Treasurer; Mrs. Charles McCormack, Mundelein, Sergeant-at-Arms; and Mrs. Robert Broege, Deerfield, Junior Past President. Mrs. Herbert Gleason of Libertyville has been appointed district parliamentarian.

Mrs. Joseph Hogue's mother Mrs. Gage Stevens, a past

president of Homer Dahringer 281 unit, will be the installing Officer; Mrs. William O'Neill, Lake Forest, the Installing Chaplain; and Mrs. A.J. Dorn, Mundelein, the Installing Sergeant-at-Arms. Other installing officers will be Mrs. Thomas Kinney, Lake Forest; Mrs. Thomas Rizzo, Lake Zurich; Mrs. Lillian Watters, Grayslake; and Mrs. William Schultz, North Chicago.

Three travelling trophy plaques are awarded to units who have achieved the best year round record of activities in their respective program on installation night: The Americanism Plaque in memory of Mrs. Ralph Thomas of Waukegan, first 10th District director; the Rehabilitation Plaque commemorating Mrs. Joseph Mieczynski of North Chicago, past state president and the Child Welfare Plaque, honoring Mrs. William O'Neill of Lake Forest, past District director. This year for the first time there is an Illini Girls' State Plaque to be presented the Girl Stater in Lake County who has written the best summary of her experiences while attending Girls' State. John Mould of Wauconda, State legion Field Representative, has donated this plaque in memory of his wife Ruth, Past District President who died last October.

Miss Kathy Walpole of Antioch is one of eighteen Girl Staters who are eligible to win this plaque.

As a later date had been set for unit histories in district competition this year, Mrs. Everett Ainsworth, district historian, will be awarding first prize to the district winner. She will also be presenting the district history to Mrs. R. Broege. Other presentations to Mrs. Broege include the 10th District Publicity Press Book, compiled by Mrs. Edward Jahneke of Antioch and the District Memory Book made by Mrs. Thomas Kinney.

This installation is one of the social highlights of the 10th District American Legion Auxiliary year, and a large attendance of legionnaires, Auxiliary members and guests are expected.

## Parking Tickets Ignored

### VILLAGE BOARD MEETING "HOT TONIGHT"

As the result of a report by the village inspector the Village Board, at its August 2 meeting, reaffirmed its denial of building permits to Charbrooke Builders, Inc. The inspector's report indicated that some of the homes which were the cause of the original complaints and denial of permits were still in substandard condition.

Despite extensive efforts by village crews there were still complaints regarding

inadequate storm sewer lines and possible sewer gas. The board reiterated its desire to solve the problem and will continue its efforts. It was stated, however, that when flash storms occur there is no storm sewer in any city which can adequately handle all the resulting run off.

A proclamation establishing the week of August 9 - 15 as Community Theatre Week was approved unanimously by the board. The proclamation was the result of a request made by officials of PM&L, a local community theatre group.

A letter from a Mr. Wagner, General Superintendent of the Soo Line Railroad, was read to the board by the Village Attorney, Ed. Jacobs. The letter was a reply to a complaint about the speed at which the Soo trains pass through Antioch. Mr. Wagner's letter indicated that the speed of the trains is controlled by a pre-programmed tape and that no violation of speed was indicated. However, Mr. Wagner indicated that the railroad will investigate further.

The dog/cat and other domestic animal ordinance was read and approved. Due to the extensive length of the document a question still remains as to its method of publication. The problem of publication has been referred to a committee. It was agreed that since the ordinance will effect virtually every family living within the village limits the importance of its publication cannot be minimized.

Village Attorney Jacobs pointed out to the board that many persons are ignoring parking tickets. Records indicate some persons are piling up 10-12 violations. He suggested that a study be made and some policy regarding enforcement of parking ticket violations be established. It was suggested that the parking ticket used by the City of Waukegan has a special coding device for quickly establishing the number of violations credited to any given car. The board approved a trial use of this type of ticket by the police department.

## ANTIOCH OVERPOWERS TREMPER

The red-suited Antioch Swim Team, sponsored by the Antioch State Bank, started out fast and never slowed down in their recent meet with Tremper (Kenosha). Antioch, using many of their reserves, still won handily by a 204 to 111 score.

It was another team effort with lots of excellent swimming in all age groups. The 11/12 and 13/14 year olds definitely did their share of scoring for the team. Mary St. Pierre, Jerry Schmidt, Bob Dodd, Dale Gwaltney, Suzy Berry all contributed at least one first place finish. Combining with them were the 9/10 first place winners, Jenny Schmidt and Carol Berry. Add to this the consistent one-two

scoring of John Schmidt and Greg Shepard and Judy Houghton and Jeannie Cilik for the 8/under class. Mix in the help of winners Judy Berry (three firsts), Pat Muro, Ed Berry, and Barb Dodd for the older swimmers. Then top it off the many others, too numerous to mention, who added seconds and thirds and you have the picture of a great team victory.

Wednesday, August 4th, the Antioch Swim Team will stage their annual Record Breaker at the Antioch Aqua Center. At this meet their only opponents will be themselves. Each swimmer will try and top his own best time and match it against the records established in past years.

## New Winners and Crashes at IRA Supers at Raceway

They added an event to the program of super modified and sportsman stock car racing at the Kenosha County Speedway in Wilmot Saturday night but it didn't change the names of the winners in the feature events.

Johnny Reimer, Caledonia won his 2nd feature at Wilmot in as many weeks. It was his 10th IRA Circuit win of the season and his 18th overall win of the year. He lengthened his lead over runner-up Whitey Harris, Lake Villa in the point battle for the season championship at Wilmot.

Jack Ashenbrenner, Hales Corners, not only again won the Sportsman Stock car feature but scored another clean sweep of his events.

The added event was a consolation race for cars that in previous weeks had not competed in any race but a preliminary heat. In another change to reduce the accidents in the semi-feature and time consuming restarts, only 20 cars were started with all remaining cars in the consolation race.

The change worked as only one restart was necessary in the semi-feature when Tom Pogo, Milwaukee, and George Fischer, Port Atkinson, spun in opposite directions with a tight pack of cars behind them just getting through the narrow opening on the main straightaway before the red flag came out.

Denny McKay stayed in front on the restart and added another checkered flag circuit trip to his previous 10 lap heat race win. The added event race

was won by Ray Dropp.

The 30 lap feature drivers seemed determined to keep Reimer from the victory as first Larry Leach led for six laps; slowed but stayed in the running until his engine caught fire on the 17th lap and he drove into the infield where a safetyman quickly extinguished the blaze. On the 7th lap Bill Strom got the lead from Leach and was in the front spot for the first time this season but he was passed by a hard charging Don Sorce on the 14th lap.

As the 21st lap started, Reimer found better traction up high and moved around Strom to take second and started closing the margin on Sorce. The better traction on the outside allowed him to finally catch and move around Sorce on the 26th lap to finish with only a narrow margin over Sorce, Roger Otto, Tom Anderson and Strom.

Three drivers out-qualified Reimer in time trials. Harris posted fast time with 17.43 lap averaging 51.63 mph, but he lost oil pressure in the feature and was the first car to retire. Jim Sullivan was second fast time qualifier but never really got going and after a spin finished only 12th. Ron Bergsma, 3rd fastest qualifier, made the second best back to front drive as he finished 6th.

Other heat races were won by Jim Cameron, John Shum, Bill Bohn, and Paul Cameron.

Other Sportsman stock car events were won by Dave Zilmer and Joe Greske. Tom Barker won the semi-feature.

Just as the sportsman feature race ended, Bob Weidman spun and crashed into the railing protecting the officials' stand. The impact drove the stand back about five feet but none of the three on the stand were injured—just surprised.

Attendance showed a slight increase over the preceeding week with 4080 fans contributing toward a drivers' purse of \$3778.00. Fifty-four modifieds and 31 sportsman stock cars took part in the racing action.

## CHANGES

### DON'T STOP

## WILMOT WINNERS

Due to a reduction in racing activities for the remainder of the year at Raceway Park in Blue Island where the IRA Super Modifieds raced on Wednesday nights, the July 28 race date turned out to be the final regular season race.

A season championship race will be held later but the regular season racing ended with Bill Klein getting the feature race win.

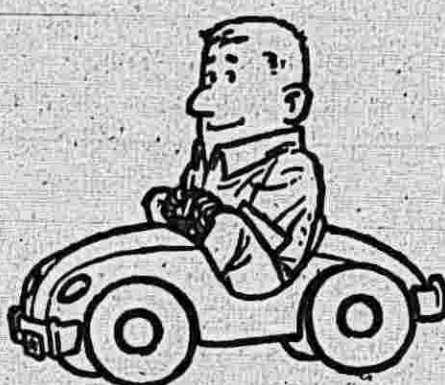

Klein of Burlington had a great night as he also won a heat and finished 3rd in another.

Klein started on the pole and held it throughout the 25 laps and two restarts necessary when cars spun wildly from water seeping through the race track. The first accident brought out the red flag and sidelined the cars of Paul Cameron, Gary Sloten of San Francisco, California and Ray Dropp. Later Roger Otto of Burlington spun after colliding with cars driven by Jim Sullivan and Bill Bohn. Otto was out for the night.

It was nearly a complete change in the normal order of running and finishing at Raceway as Ron Marish, Milwaukee, was 2nd, Butch Bergsma, Richmond, 3rd, John Olson Round Lake 4th and then Johnny Reimer, Caledonia.

Whitey Harris, Lake Villa, the 1970 Raceway IRA Champion, now has only a slim chance of catching Reimer for the championship in the final race.

Heats were won by Klein, Denny McKay, Jole Reimer, Jim Sullivan, Fox Lake, won the Trophy Dash and Johnny Reimer set fast time at 12.7.

## Whitey Harris

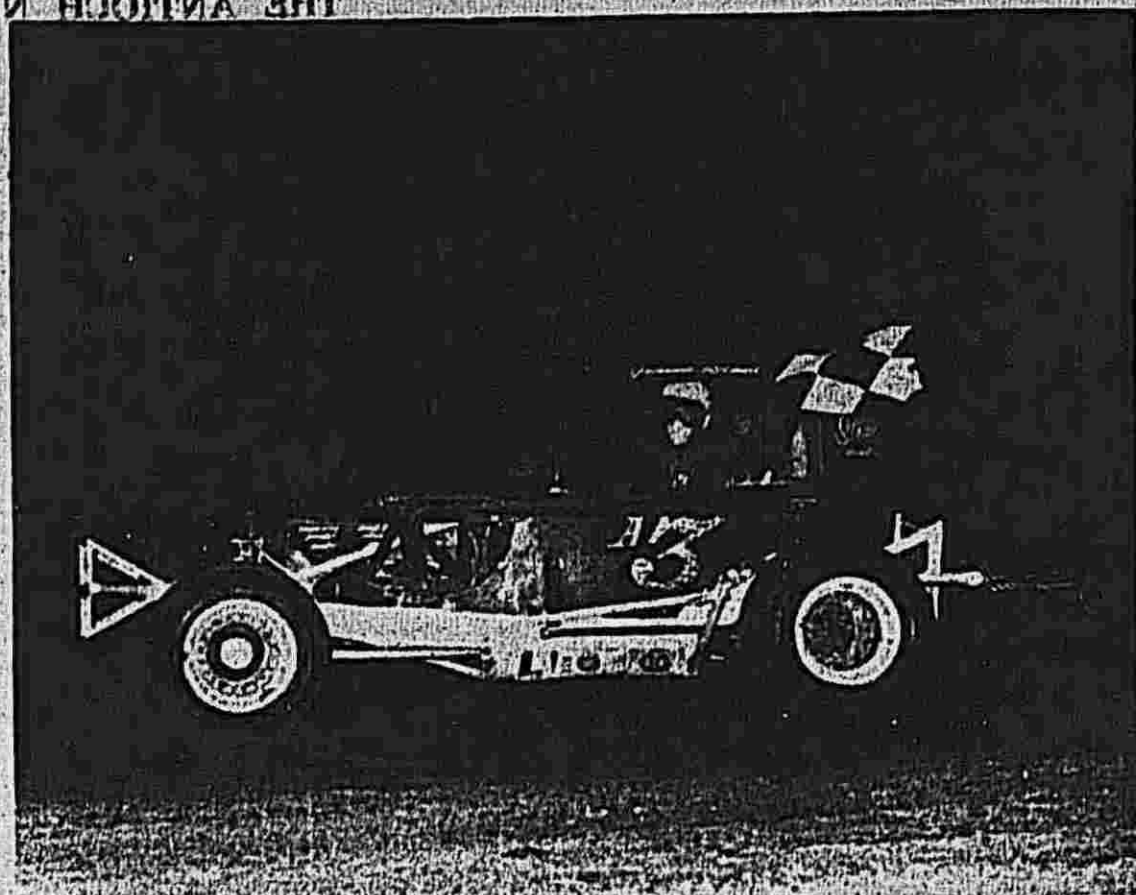

### Tops With Fans

Defending Champion Whitey Harris, Lake Villa, for the Interstates Racing Association of super modifieds and sportsman stock cars, may not lead in the overall point standings but he is far ahead of all other drivers with the fans at Kenosha County Speedway in Wilmot, Wisconsin.

In voting by the fans at Wilmot last week, Harris received more than three times as many votes as any other driver. There has been a long standing question at Wilmot for many years as to which area really had the greater number of fans. However, a majority of the votes for the Illinois driver actually came from Wisconsin with the largest number being Kenosha fans.

Point leader Johnny Reimer, Caledonia, and Paul Cameron, Round Lake, were tied for the runner up in the overall balloting.

Sportsman stock car driver Joe Gresk, Franklin, Wisconsin, received the most votes for drivers in that group.

## Final Race Will Decide Champion

With the announcement of the curtailment of the heavy schedule of activities at Raceway Park in Blue Island which cancels all but the final race of the season for the IRA Super modifieds, Johnny Reimer, Caledonia, is virtually assured of the championship over the defending champion Whitey Harris, Lake Villa.

Reimer has a 42 point lead on Harris who could make as many as 75 points by scoring a clean sweep in the final race set for either August 25 or September 1. No driver has been able to do this and even if Harris did, a second place in the feature for Reimer would still assure him of the championship.

Out of the 10 races completed there this season, Harris has three feature wins while Reimer has scored only twice. Harris had troubles last Wednesday night when his No. 1 Pursuesnatcher modified

wasn't able to run in the feature race.

At other IRA tracks Reimer has a 138 point lead at the Kenosha County Speedway where racing will end on Saturday September 4 with two 50 lap Season Championship events. At Santa Fe Speedway, Reimer has a 47 point lead. Two races remain at Santa Fe. The next will be on Friday August 20 for a 50 lap mid-season championship and a final return on Friday September 3. Harris is runner up to Reimer at each of these tracks.

At the Lake Geneva Raceway Reimer trails Harris by 74 points. The season will be concluded at Lake Geneva on Sunday night, September 5 but the Championship race will be run for 50 laps on Sunday, August 29.

On Sunday, September 5, a special added event for the top six qualifiers will be held and pay \$100.00 in a "Winner take All" event.

## LITTLE LEAGUE "MOMS" & MANAGERS

It was strictly a fun game Tuesday night, July 27, as the managers played the Little League mothers. Sore and aching muscles abounded the next day as many found there were muscles they hadn't used in years.

A few plays worth mentioning were the terrific home run by the League president Bob Caldwell who slid into home plate for a very close call (even the umpire Gloria Rowland said she couldn't see for all the dust!!) Then there was a double hit by Dave Miller, coach of the Giants, who was out after being literally pulled off second base.

Doing the terrific pitching for the Mother's team was Sis Gallagher who just happens to play for the Lakers. First basewoman was Marge Murphy (also a Laker) who didn't let many balls get by her. Nancy Zitkus did a very

capable job at 3rd base. Catcher Sis Rodgers had her work cut out for her as the men scored most of their runs in the first and second inning. Other players for the Mother's team were Barb Bailey, Marge Poulos, Shirley Gutowski, Louise Gutowski, Pat Thibedeau, Betsy Houghton, Ellen Kessler and Bonnie Arion.

Pitching for the Managers was Norm Thibedeau, who was relieved in the 5th inning by Bernie Gutowski. First baseman was Ron Vos; second base, Dick Kessler; 3rd base, Dave Miller; catcher, Bob Stryjewski. Other players were Bruce Volling, Joe Gutowski, Dave Cooke, Tom Brophy, Bill Nauman, Bob Caldwell and Dick Arion.

Maybe the girls can do better next year. Thank you to Diane Kretsch and Gloria Towland who did an extra good job of umpiring.

## Harris Wins Geneva Mid-Season Title

Rain prevented the 40 lap mid-season championship race twice previously at the Lake Geneva Raceway for the IRA Super modifieds and nearly cut short the race on Sunday night August 1 as showers fell during the running of the second heat and again during the feature. In each case the rain stopped and permitted the racing to continue.

Fast time qualifier Johnny Reimer crashed into the wall in

the 4th heat and drove Joe Moulis' car in the feature finishing sixth. Harris took the lead from Roger Otto on the 20th lap. Otto took the lead from Eddie Loomis who held off Al Schill to finish 4th. Larry Leach was 5th.

Heats were won by Dick Aissen; Fran Baumgartner; Loomis and Jim Bozeman, and the feature in the sportsman stock car events.

# Game of the week

Yankee slides into second as Oriole Grippando goes toward the base trying to make tag.

## YANKEES Take Little League Championship

"It was probably one of the most exciting games of the season as far as the fans are concerned," said manager Dick Kessler of the Yankees Little League Team about the final game of the Little League Championship between the Yankees and Orioles.

Pitchers for Wednesday night's game were Dave Zitkus for the Yankees and Mike Lischewski for the Orioles, with John Proctor knocking out three hits for the Yankees and John Grippando getting three for the Orioles.

The excitement started as the Orioles scored first on a hit, an error and a double by Kessler.

An error and a hit by Grippando tied the score 2-2 in the 4th. The bottom of the fifth found the Yankees scoring the winning run on hits by Proctor and Kessler and an error. The Orioles had the winning run on base in the sixth inning but Lischewski grounded out to end the game.

The Little League Championship play off consists of a team winning the best two out of three games. The Yankees are sponsored by John Teresi Chev-Olds and coached by J. Bodin. Tom Poulos manages the Orioles who are sponsored by Walsh's All

Seasons. Mr. Arion is the coach.

The Yankees have won the Little League Championship for three consecutive years, boasting a 47-6 overall record.

### Registration For Antioch Vikings

Registration for the Antioch Vikings boy's football team will be held on August 7 from 9 a.m. til 1 p.m. at Walsh's All-Seasons in Antioch. Boys between 11 and 14 (not 15 before Sept. 1) are eligible.

The Antioch Vikings belong to the Northern Illinois Junior Tackle Football League, playing nine scheduled games. Boys can register for the lightweight team made up of boys 110 lbs. and under or the heavyweight team of boys over 110 lbs. Practice begins on Monday August 16 at 5:45 p.m.

The Antioch Vikings play on the Antioch High School football field on Sunday afternoons at 12:45 p.m. They will have four home games, the first against Grayslake.

### LITTLE LEAGUE IN GURNEE INVITATIONAL

The Antioch Little League Tournament Team participated in the Gurnee Invitational tournament on Saturday and Sunday, July 30-31.

On Saturday they beat the Lake Villa team by a score of 3-2. The winning pitcher was David Zitkus. In the second game they were pitted against the team from Grandwood Park. The final score was 11-3 in favor of Antioch and the winning pitcher of this game was Ken Bredel.

On Sunday morning Antioch came up against Lake Bluff. By losing this game 5-3, they will play next weekend, Saturday at 3 p.m. This is a double elimination and each team can lose two games before being eliminated. The manager of the team is Tom Poulos, and helping him is coach Dick Kessler.

Giant runs for third as Card gets there first.

### TEAM NO. 2 RETAINS FIRST PLACE

The State Bank of Antioch Women's Golf League goes into its 9th week of play with Team No. 2 still in first place with 32 points. Team No. 2 members are Dolores Scarpelli, Ruth Pickus, Eugene Nissen, Sally Hawkins and Phyllis Kapisheke. Beverly Dodd, Carol Anderson, Gen Osmond, Marge Solar and Anne St. Pierre make up Team No. 3 which is now in second place with 30 points.

Team No. 8 is in third place with 26 points. Its members are Irene Hahn, Karen Wilton, Jean Daniels, Sara Fields and Jen Burdick.

The Giants and Cardinals played to a 1-0 final score Thursday night. "It was great fielding and great pitching," said Giant manager Dave Miller.

The Cards started the game with a threat as Heick and hall walked. The next batter sacrificed men to second and third only to have the next two batters strike out and foul out.

The Giants also threatened in the first inning with a single by Sheedlo, Miller lining out to the pitcher and Fagan hitting a single. However, Bogaerts hit into a fielder's choice and Koch into a force out.

In the Giant's third Motley hit a single and Sheedlo followed with a second single only to have Miller line into a double play and Sheedlo out stealing second.

In the Cardinal half of the

fourth Eder opened with an infield single to the second baseman. The Giant's pitcher then struck out Matt Brophy and Chris Getz, followed by an infield single by Petty. Kane struck out. This was to be the last Cardinal threat.

In the last of the sixth Miller led off for the Giants, hitting a hot shot to the first baseman who made an excellent play for an out.

Fagan followed with his third hit for the night, a double down the left field line. Bogaerts then struck out and Koch followed with an infield hit to third and Burris with the winning single to right field.

The final score-Giants one run, on eight hits and one error. The Cardinals, no runs on two hits with no errors. The winning pitcher Bogaerts, losing pitcher Getz.

The Cardinal manager is Tom Brophy with coaches George Hall and Bill Neuman. Dave Miller manages the Giants with Rod Sheedlo and Dick Motley as coaches.

### 1st Game of Playoffs

The Yankees had it all their own way as the Yankee pitcher, Matt Warner, let only one run by for the six inning victory as the Orioles, first place team of the Grey Division, watched 21 Yankees cross home plate.

The winning pitcher was Matt Warner who cracked a homer to aid his own cause. The losing pitcher was Caldwell for the Orioles.
